28 The Munzvai Commissioner has submitted revised proposals in accordance with instructions issued in our letter No 1035 dated 13th February 19 The increase in expenditure now proposed is Rs 997 and Rs 240 from state and munzvai funds respectively as against Rs 1526 and Rs 366 proposed originally.

29 The revised proposals do not involve any increase in number of present establishment but only a rise in the scale of salary drawn by the staff. A case for a modified rise seems to have been conceded in letter No 1035 and if this view is upheld the proposals seem to be moderate.

30 The Munzvai Commissioner urges very strongly that there should be a separate manager for his office and that the manager of the Revenue Commissioner's office should have no control over the munzvai office I beg to suggest that this view deserves consideration. A separate manager is appointed for each of the offices under the Excise Commissioner. The pay of the manager may be reduced to 100-5-

If so, no revision of the estabt the cost of which is shown in the proposed Statt as chargeable to the General Muz Fund need be Considered now.

The chief feature of the recent reorganisation of the RC's office is the provision of long term progressive pay appointments. The proposal in regard to the MC's office proceeds on different lines. We have to ask the MC whether similar arrangements are not desirable in respect of his estabt in view of the fact that it works along with the estabt of the RC's office.

73) It is desirable to have a step between the minimum pay of the Manager and the maximum of the Head clerk — The latter may be Rs 120.

74) The suggestion of the Under Secy to fix the pay of the Senior clerks to the efficiency bar — Rs 80 seems reasonable —

76) The modified scale will be as follows :—

Subject :—

Revision of establishment of the office of the Muzrai Commissioner in Mysore.

The existing scale of pay of the establishment of the office of the Muzrai Commissioner was fixed so long back as 1917 The present strength of the office establishment is 16 and the cost is charged to several funds as noted in the margin.

(a)	State Funds	.. 6 Clerks.	
(b)	Muzrai Establishment Fund	.. 8 ,,	
(c)	General Muzrai Fund	.. 2 ,,	
	Total	.. 16 ,,	

2. The Muzrai Commissioner states that the abolition of the separate office of the Muzrai Superintendent and the creation of the office of the Muzrai Commissioner as Head of the Department in 1922, with full administrative control over all the Muzrai Institutions in and outside the State, has increased the work and responsibilities of the office and that the salaries of the ministerial staff require revision and accordingly proposes that the pay of the establishment may be revised adopting a progressive scale. The proposal involves an extra cost of Rs 1,948/- a year.

3. A revision seems to be called for and it is proposed to sanction the scale recommended by the Muzrai Commissioner with some modifications. The Devan and the First Member also agree. A draft Order Government has accordingly been prepared and is placed in the file. The total extra cost of the revision as modified will be Rs 1,503/- as noted in the margin.

1.	State Funds ..	Rs 673.
2.	Muzrai Establishment Fund ..	630
3.	General Muzrai Fund ..	200
	Total ..	Rs 1,503.

4. The papers are submitted for His Highness' gracious approval to the orders proposed to issue.

(through the Comptroller to Government of Mysore.)

Sir,

With reference to your letter No.1035/M.F.208-25-2 dated -- 13th February 1926 in the matter of the proposals for a revision of the clerical and menial establishments of the office, I have -- the honor to submit herewith modified proposals on the lines ----- indicated in your letter and to state as follows.--

2. As regards the appointment of a separate Manager, I beg to submit at the outset that no additional appointment is suggested but only a change of designation is sought for. Under the Excise Commissioner in Mysore there are 3 different offices, viz., ------ Registration, Income-tax and Joint Stock Companies and though the staff is not numerically half as strong as that of the Muzrai --- Commissioner's office, yet each office has its own ministerial head. It is needless to say that the Muzrai Commissioner's Office is as important as any of the other attached offices, either of the --- Excise Commissioner or any other head of Department. Having regard to the strength of the establishment of the Revenue Commissioner's office, and the volume of work therein, the Manager of that office will not be able to devote much attention to the supervision and work of the other office. In view of the circumstances referred to above, an independent ministerial head seems to be quite necessary for the Muzrai Office. I am strongly of opinion that it is

Office of the Muzrai Commissioner in Mysore.

Dated Bangalore, 3rd December 1926.

From

C. S. Balasundaram Iyer, Esq., B.A.,

Muzrai Commissioner in Mysore,

Bangalore.

To

B. Srinivasa Iyengar, Esq., B.A., B.L.,

Secretary to the Government of

His Highness the Maharaja of Mysore,

Financial Department.

Sir,

With reference to your letter No.615/M.F.20-25 dated 25th September 1926, I have the honor to forward herewith a statement showing the work turned out by the Engineering staff of this office during the past three years and to state as follows:-

2. As regards the suggestion made in your letter whether the Sub-overseer and clerk of the Engineering Section cannot be transferred to the Public Works Department, I beg to state that it is since learnt that in modification of the instructions conveyed in para 4 of Government Order No.F.W.502-72 dated 24th July 1926 and on the recommendation of the Inspector General of Education the services of 1 overseer, 1 Draftsman and 2 clerks have been ordered to be continued in the Education Department to attend to miscellaneous items of work connected with inspection review of quarterly returns etc., received in that office (vide G.O.No.F.W.D.74-83/[illegible]-506 dated 9th September 1926).

3. The strength of the Engineering Section of this office was much more than it is now. Having regard to the absolute requirements of the office after its formation in August 1922 the place of (i) one assistant Engineer (ii) one draftsman and (iii) one menial was abolished and the small establishment consisting of one Sub-overseer, one clerk and two menials now working was ordered by Government to be continued. The necessity for the same has been fully explained in Government

order No.2362-5/M.F.315-20-8 dated 24th February 1923.

4. The Mudrai Commissioner is empowered to sanction estimates amounting to Rs.2500/- and the duty to pass completion bills and certificates in respect of all estimates sanctioned by Deputy Commissioners and possibly less than Rs.500/- has also been assigned to this office. Moreover, several quarterly and other returns have been prescribed and their scrutiny not only requires appreciable time but also some amount of technical knowledge is necessary. The work of check and scrutiny of estimates and completion bills and the preparation of the lists showing the distribution of State grant and General Mudral Fund allotments for construction and repairs and also of the annual programme of works and numerous other items of a miscellaneous nature are in fact much more than the two hands can be expected to cope with. In these circumstances I am of opinion that the retention of the services of the Sub-Overseer and the clerk in this office is quite essential in the interests of work.

5. I beg further to request that early sanction may kindly be accorded for the revision proposals submitted with this office letter of the 31st August 1926.

I have the honor to be,

Sir,

Your most obedient servant,

C.S.Balasundaram

The Maharaja of Mysore, FINAncial Department. Misc 208-26

In continuation of this office letter No. C. 742/25-26 dated 6th December 1926, on the subject of the revision of this establishment, --- I have the honor to state that a sum of Rs. 6012-0-0 has been provided for in the current year's Budget towards the pay of the establishment (Vide 13 Muzrai Institutions 1 superintendence). The Revision proposals sent up with my letter of the 31st August 1926 so far as the establishment paid out of the State Funds is concerned, result in a net excess of Rs.68 1/8 a month. According to the existing scale a sum of Rs.6187/- will be actually required for expenditure during 1927-28. As the revision proposals submitted in August last in a final form are under the consideration of Government, I beg to solicit sanction to make a lumpsum provision of Rs.500/- in the next Year's Budget, for the "Reorganization of the office" which approximately represents the difference between the actuals of 1927-28 and the average cost of the revised proposals and would cover the actual cost during the next year as per revised scale proposed.

The favor of early orders is solicited as in the absence of such orders no provision in the Budget can be made.
